

# Hello, I'm Jessica Anastasio

(732) 637-7628 | [jessicaanastasio39@gmail.com](mailto:jessicaanastasio39@gmail.com) | [github.com/jessanastasio](https://github.com/jessanastasio) | 105 Thompson Street, Apt 13 New York NY 10012

Full stack web developer with a commitment to crafting readable and reliable code. Dedicated to solving complex business problems within large-scale apps and services that touch millions of users. Passionate advocate promoting diversity and inclusion efforts.

## Work Experience

### **BuzzFeed**, New York NY

*Software Engineer* – JULY 2017 - PRESENT

- Developed an Express.js/React application for efficient moderation of BuzzFeed Community posts, doubling the posts promoted per day and contributing to growth in daily content views
- Built new Comments API RESTful microservice that supports the READ endpoint for BuzzFeed comments using Go and MySQL
- Implemented Tasty.co site from scratch using the Google AMP framework. Spoke at AMP Conf 2018 about project and contributed to Google AMP open source spec to meet product requirements

*Associate Software Engineer* – SEPTEMBER 2016 - JULY 2017

- Promoted in under a year because of demonstrated ability to take ownership of projects from start to finish
- Created DoubleClick for Publishers interactive “Mini Quiz” native ad for BuzzFeed quiz pages, which generates ~10x more revenue per impression compared to programmatic display ads

*Software Engineer Intern* – MAY 2016 - AUGUST 2016

- Refactored legacy code and tests powering BuzzFeed articles into new Python Tornado, Sass, and t3 JavaScript tech stack to allow for more rapid feature development
- Experience with progressive web applications and service workers in JavaScript

### **WorkWave**, Holmdel NJ

*Software Engineer Intern* – MAY 2015 - JANUARY 2016

- Build and modify frontend interfaces using AngularJS, less CSS, HTML5 on agile/scrum development team

## Education

### **Monmouth University**, West Long Branch NJ

*Bachelor of Science in Computer Science* – SEPTEMBER 2012 - MAY 2016

**Minor:** Information Technology and Leadership Communication

**Coursework:** Algorithms & Data Structures, Operating Systems, Discrete Math, Computer Architecture
